

# SGS INSTITUT FRESENIUS QUALITY SEAL

## LR HEALTH & BEAUTY

### SCOPE OF TESTING ALOE VERA DRINKING GEL

#### ESSENTIAL COMPONENTS OF REGULAR QUALITY CONTROLS

- Mystery sopping of Aloe Vera Drinking Gel samples
- Monthly control testing
- Sensory testing of the final product – independent and in addition to LR Health & Beauty Systems Quality Assurance
- Inspection of the nutritional values
- Microbiological tests
- Testing of products to determine whether they are free of residues and contaminants (among others pesticides and heavy metals)
- Annual audit of the relevant cultivation and production sites globally
